**Congrats Graduates!**

Franklin is growing faster than many of us imagined and with that growth comes the need for more roads, drive-ways, and sports facilities for our new residents. When an area is expanding at this rate, it's vital that construction moves quickly and because of this most government agencies, businesses, and individuals have opted to use asphalt.

Asphalt paving can be erected far quicker than you might imagine, ensuring that the new residents of Franklin can get to work and enjoy the area.
